IBF list of Risk designations (details)

DESIGNATION 1.

IBF Warlike Operations Area – 12 n.m. off Yemeni mainland Coast

- *This Warlike Operations Area includes Yemeni territorial waters extending up to the 12 nautical miles limit from the border of Yemen with Saudi Arabia in the Red Sea and the border of Yemen and Oman in the Gulf of Aden, with the exclusion of the Maritime Security Transit Corridor (MSTC) in the Red Sea where the lanes of this safe passage corridor overlap with this Warlike Area.*
- *This Warlike Area applies to all vessels, whether underway or not, including all vessels at anchor and berthed “all fast” within the Area.*

During a vessel’s transit of this Area, the protection of seafarers through the ISPS Level 3 measure should be adopted, which may include the provision of personnel or systems which appropriately reduce the vulnerability of a vessel. The sufficiency of such extra security measures should be determined depending on vessel type, size, freeboard during transit and speed, with consulting and seeking advice of respective ITF union(s) where necessary.

During the period of transit/stay within this Warlike Area, seafarers shall be entitled to compensation amounting to 100% of the basic wage and a doubled compensation payable in case of death and disability. This entitlement should be payable for a minimum of 5 days upon the entry into the Area and further for each day of the vessel’s actual stay in the Area.

In the case of vessels transiting the IBF Warlike Area, seafarers have the right not to proceed with the passage. In such an event, the seafarer concerned shall be repatriated at the company’s cost with benefits accrued until date of return to the port of engagement and with the payment of 2 months’ basic wage as compensation.

This designation is in force from 0001Z on 1 March 2018.

DESIGNATION 2.

IBF High Risk Area (HRA) – Southern Red Sea and the Gulf of Aden

- *Boundary commencing from the Saudi Arabia Border at 16°24.12 N and running due West until the Eritrea coastline.*
- *This area stretches south of this boundary encompassing the Bab el Mandeb Strait and continues into the Gulf of Aden.*
- *The Eastern boundary line of the area commences from the Yemen-Oman border South to co-ordinates 13° 25.0" N, 053° 00.0' E, the boundary line continues SW from this point to intersect with the Gees Gwardafuy beacon.*
- *The High-Risk Area includes the Maritime Security Transit Corridor (MSTC), please see the Annex to Chart 3 (MSTC diagram) on page 6 for more further details.*
- *The coast of Djibouti and Somalia are also included within this HRA.*

In the case of vessels transiting the IBF High Risk Area, seafarers have the right not to proceed with the passage. In such an event, the seafarer concerned shall give seven (7) days' notice to their Captain/shipowner/manager prior to entering the area, given the logistical constraints of passage and the difficulty to facilitate disembarkation in a safe port and mobilise repatriation in the area. Repatriation shall be at company's cost and compensation equal to 2 months basic wage.

The 2 months basic pay compensation shall not be applicable if the seafarer is transferred to another vessel belonging or related to the same owner/manager, on the same rank, wages and all other terms. There shall be no loss of earnings or entitlements during the transfer and the Company shall be liable for all costs and subsistence during the transfer.

Seafarers who are onboard vessels within the HRA or are due to transit into the HRA within the 7-day window from the initial date of this designation, will not be able to exercise their right to repatriation.

In the event that a vessel which was not scheduled to sail through the HRA but has received instructions to cross within the 7-day notice period, seafarers will have the right to refuse to sail in the area, be repatriated at the company's cost and to receive compensation equal to 2 months basic pay.

During a vessel's transit of this Area, the protection of seafarers through the ISPS Level 3 measure should be adopted, which may include the provision of personnel or systems which appropriately reduce the vulnerability of a vessel. The sufficiency of such extra security measures should be determined depending on vessel type, size, freeboard during transit and speed, with consulting and seeking advice of respective ITF union(s) where necessary.

During the period of transit/stay within this High-Risk Area, seafarers shall be entitled to compensation amounting to 100% of the basic wage and a doubled compensation payable in case of death and disability. This entitlement should apply on each day of the vessel's stay in the High-Risk Area.

IBF will continue to closely monitor the situation and be ready to convene the WOAC quickly if the situation escalates.

This designation is enforced from 0001Z on 22 December 2023, and further expanded on 16 February 2024 to 30 April 2024, with further extensions being subject to mutual consent between the IBF parties.

DESIGNATION 3.

“IBF Extended Risk Zone” – Gulf of Guinea including all ports, terminals and road anchorages and inland waterways.

- *The coordinates of this area run in a direct line from the Liberia/Ivory Coast border to 00°N 005°E, to the Angola/Namibia border.*

During a vessel’s transit of this area, protection of seafarers through the provision of increased security measures should be adopted. Such measures must be above the latest Best Management Practice (BMP West Africa) level and may include the provision of personnel or systems which appropriately reduce the vulnerability of a vessel. The sufficiency of such extra security measures should be determined depending on vessel type, size, freeboard during transit and speed, with consulting and seeking advice of respective ITF union(s) where necessary.

The adoption of Best Management Practice is required as a minimum standard of protection.

During the period of transit of the Extended Risk Zone, each seafarer shall be entitled to a bonus equal to 100% of the basic wage and a doubled compensation in case of injury or death on any day during which the vessel they are serving on is attacked. The proof of these entitlements shall be subject to a confirmed entry into the ship’s logbook and a report of attack being lodged with recognised international reporting authorities, such as MDAT-GoG. The maximum period when these entitlements may apply shall not exceed the number of days of the vessel’s transit of the IBF Extended Risk Zone. For the purpose of this article an attack means any unauthorised and obvious action taken by a third party in a willful attempt to board or damage the vessel or to harm the crew which leads to the activation of the relevant vessel contingency plans including the alerting of the whole crew. Individual random attempts (whether successful or not) of unarmed boarding for the purpose of unauthorized sale, begging, minor stealth and etc. leading to no harm/damage to the crew and posing no threat to seafarers’ lives, health and safety shall not count as ‘attacks’ for the purpose of this article.

A vessel will not be considered to be in the Extended Risk Zone, once berthed “all fast” within the area.

This designation is in force from 0001Z on 1st January 2023

DESIGNATION 4:

Warlike Operations Area – Sea of Azov and the Strait of Kerch, north of latitude 45° 03' 00'N

This Area includes all waters and ports of the Sea of Azov and the Strait of Kerch north of latitude 45° 03' 00'N.

During a vessel's transit of this Area, the protection of seafarers through the ISPS Level 3 measure should be adopted, which may include the provision of personnel or systems which appropriately reduce the vulnerability of a vessel. The sufficiency of such extra security measures should be determined depending on vessel type, size, freeboard during transit and speed, with consulting and seeking advice of respective ITF union(s) where necessary.

During the period of transit/stay within this Warlike Area, seafarers shall be entitled to compensation amounting to 100% of the basic wage and a doubled compensation payable in case of death and disability. This entitlement should be payable for a minimum of 5 days upon the entry into the Area and further for each day of the vessel's actual stay in the Area.

In the case of vessels transiting the IBF Warlike Area, seafarers have the right not to proceed with the passage. In such an event, the seafarer concerned shall be repatriated at the company's cost with benefits accrued until date of return to the port of engagement and with the payment of 2 months' basic wage as compensation.

This designation shall be in effect from 1st November 2023 to 2nd of April 2024 with further extensions being subject to mutual consent between the IBF parties.

DESIGNATION 5:

Warlike Operations Area - Northern Black Sea Region

- *This Warlike Operations Area runs from the Ukrainian/Romanian border to position 45° 10'N 031° 00'E and to position 45° 21'N 032° 30'E.*

The entitlements are the same as those listed in **Designation 3** above (**Warlike Operations Area – Sea of Azov and the Straits of Kerch, north of latitude 45° 03' 00'N**)

This designation has been in effect from 1st March 2022 and shall continue until 2nd of April 2024 with further extensions remaining subject to mutual consent between the IBF parties.

DESIGNATION 6:

Warlike Operations Area – all ports in Ukraine

- *This Warlike Area applies to all vessels, whether underway or not, including all vessels at anchor and berthed "all fast" within the Area.*

The entitlements are the same as those in **Designations 3 and 4** above.

This designation has been in effect from 1st March 2022 and shall continue until 2nd of April 2024 with further extensions remaining subject to mutual consent between the IBF parties.

DESIGNATION 7:

High Risk Area – Black Sea

In the north, this High Risk Area borders with:

- *the Warlike Operations Area in the northern Black Sea region (Designation 4) on the line from the Ukrainian/Romanian border to position 45° 10'N 031° 00'E and to position 45° 21'N 032° 30'E;*
- *the Crimean Peninsula coastline;*
- *the Warlike Operations Area in the Sea of Azov and the Straits of Kerch (Designation 3) limited by latitude 45° 03' 00'N*

In the south, this High Risk Area is limited by the line running from Point 1 – 43° 25' 01'N 39° 55' 00'E to Point 2 – 44° 04' 00'N 31° 24' 00'E, to Point 3 – 44° 44' 00'N 31° 11' 00'E and to Point 4 – 45° 12' 00'N 29° 41' 00'E.

During a vessel's transit of this Area, the protection of seafarers through the ISPS Level 3 measure should be adopted, which may include the provision of personnel or systems which appropriately reduce the vulnerability of a vessel. The sufficiency of such extra security measures should be determined depending on vessel type, size, freeboard during transit and speed, with consulting and seeking advice of respective ITF union(s) where necessary.

During the period of transit/stay within this High Risk Area, seafarers shall be entitled to compensation amounting to 100% of the basic wage and a doubled compensation payable in case of death and disability. This entitlement should apply on each day of the vessel's stay in the High-Risk Area.

In the case of vessels transiting the IBF High Risk Area, seafarers have the right not to proceed with the passage. In such an event, the seafarer concerned shall be repatriated at the company's cost with benefits accrued until date of return to the port of engagement and with the payment of 2 months' basic wage as compensation.

This designation shall be in effect from 1st November 2023 to 2nd of April 2024 with further extensions being subject to mutual consent between the IBF parties.
